Juan Pablo Ramos-Bonilla

School of Engineering, Universidad de Los Andes (Colombia)

The Asbestos Problem in Colombia: A Troubling Past, An Uncertain Future

with an introduction by Benedetto Terracini

Juan Pablo Ramos-Bonilla is an Associate Professor in the Department of Civil and Environmental Engineering at Universidad de los Andes (Bogotá, Colombia). He holds a PhD from the Johns Hopkins Bloomberg School of Public Health, a Master's in Environmental Management from Duke University, and a Civil Engineering degree from Universidad de los Andes. His work focuses on both occupational and environmental risks associated with asbestos use in Colombia.
